

## Health and safety: Returning to work after lockdown

**Dear Colleagues**

**A**s you are aware, the government has relaxed some of the Alert Level 3 Lockdown restrictions; therefore some businesses which had closed will be encouraged to reopen; and Fasset is ready to re-open its doors on the 1st July 2020. Please note that for the Lockdown Advanced Level 3 Alert, only **33%** of staff will be expected to be in the office on the rotational basis to allow for adequate social distancing. Your Line Managers will promptly communicate with you on staff rotational rosters.

I am pleased to inform you that Fasset has done and completed the Covid 19 Risk Assessment by an independent expert. The Covid-19 Task Team will be doing a walk-about during the course of this week, just to ensure that all the health and safety protocols are in place and that the office is Covid 19 compliant. Fasset will also afford the team from the Auditor-General of South Africa (AG) for a visit to inspect our premises. As you are aware, Human Resources (HR) that has been sending out training invites for "Employees Return To Work Covid 19 Training" held virtually. These training are important and they are for your own benefit to keep safe.

It is in times like these that heroes are born, and leaders are made. In all modesty, I have seen Fasset Values shine at this difficult and uncertain times. Having said that, I would like to recognise in particular the Fasset Covid 19 Task Team for their steadfast commitment and hard work during the journey of getting Fasset ready for the safe return of its staff and stakeholders ; our Labour partner for their invaluable contributions and ICT department for their assistance at this time to maintain business continuity.

I am proud and inspired by how the Fasset team have risen to this challenge- with flexibility; resilience and courage. Let us continue to work together to prepare for the upcoming year end audit, and continue to deliver on our skills development mandate for the current 2020/21.

Fasset is looking forward to welcome you back from **1st July 2020**.

Yours sincerely  
Ayanda Mafuleka  
CEO
