Fasset Mission

BACKGROUND

Fasset is implementing a programme for unemployed university graduates who will be placed for a minimum of 12 months at Fasset employers following a work readiness training intervention.

PROJECT INFORMATION

Fasset employers (i.e. small, medium large including Government and Provincial) who have capacity to host and mentor unemployed graduates for a minimum of 12 months. This programme will be comprised of a work skill component, aligned to a unit standard, and placement with a Fasset employer.

The Employer will identify an organization that will provide unemployed graduates with a work skill component aligned to a unit standard. The training intervention by the service provider must not be **less than two months** in total during the 12-month period.

Unemployed graduates that will benefit from this programme must have completed an NQF 6 – 10 qualification aligned to the FASSET sector.

- The Cost per learner is capped at R80 000 per learner comprising a stipend of R60 000 + R20 000 Work readiness of which R10 000 will be provided to the employer for work readiness training, and R10 000 will be provided by a FASSET appointed service provider to train on digitally related skills.
- Fasset will contract with the employer at a capped amount of R70 000.
- Companies applying must demonstrate capacity to host and mentor learners, with evidence that learners will be placed in a functional unit aligned to the learner's qualification.
- Companies appointed must select suitable training providers to provide employability skills.
- An employer can participate in the maximum of two of these internship programmes (i.e. TVET WBE, HET, NSC or WIL). However, the awarding for the two internship programme per employer is not automatic but is at the discretion of FASSET.
- The Employer can apply for maximum of 50 learners per intake on one and/or two programmes.
- The Employer must have 1 supervisor/mentor for every 5 interns (i.e. 1:5)
- The Pre-payment model to be used for paying learner stipends only. The pre-payment will only be for 3 months in advance.
- This is an Unemployed graduate programme aligned to occupations in the FASSET sector – not only scarce skills.
- This intervention will thus cover the cost of the skills component and the stipend for learners.
- The Skills development priorities specifically targeting transformation groups including Blacks, women, Fasset will adopt DHET's criteria regarding the beneficiaries of its programmes to benefit being: **85% Blacks, 54% women and 4% disabled.**
